

I wanted to briefly comment on the Indiana Telephone Privacy Law. I do not want to see any changes in this law. This has helped our family spend time at the dinner table with a minimum of interruptions. I have to say, I would be extremely disappointed to see us go back to the way of life of having several interruptions to our night. PLEASE understand how important it is for families to spend quality time together without the CONSTANT interruptions from telephone solicitors. If I want their services, I will call them, I don't need them calling me! The Indiana Telephone Privacy Law was an absolute answer to prayer!
